RUSSIAN CAPITALISTS NEGOTIATING FOR WHARF SITE

Two Russian capitalists, who had to flee from the terrors of the Bolsheviki government, were here during the week negotiating for the lease or purchase of the property of the Peninsula Dock and Warehouse Company at the foot of Main street. A meeting was held between Mr. W. C. Graves, owner of the concern, and the two capitalists in this city on Tuesday evening. Mr. Graves made a flat offer to the men for the purchase of the property and also gave them a lease proposition. Should the Russians accept the terms offered by Mr. Graves the final negotiations will be settled today as the foreigners asked that they be given until May 18th to decide upon the matter. The men expect to manufacture small parts of aeroplanes and will invest a large amount of money in the enterprise.

The property of the company sought by the capitalists consists of wharves, boats and large warehouses and equipment. It is said the sum of $20,000 is asked for the choice site and realty.

ENSIGN LE DIEU WRITES FROM NEW YORK CITY

Ensign C. A. LaDieu, young son of Mr. and Mrs. C. La Dieu of this city, writes as follows from U. S. transport Goliah, somewhere in British waters:

"Just a line to let you know I am back in the good old U S. A. even if it is only for a few hours. Am making the best of the time as possible. We have been very busy and have not had much of a chance to write.

The food question is a very hard problem to solve in Europe today and prices are terrible high even with the food card system.

Our ships are not suffering from want of food but there is no waste, the hardest thing is to keep dry clothing as it is nearly always cold and foggy, even if the air sea is quite calm.

The strain of the game is hard and the new men in the game are badly hit, even old time men are having to be let off to our different bases for rest, otherwise they would be nothing but nervous wrecks.

The best temporary cure is coffee and that is kept on the heater always. Men have to sleep in their clothes so as to be ready for instant action.

REPORT OF SESSION OF BOARD OF SUPERVISORS

The board of supervisors met in regular session Monday, May 13th, there being present Dr. C. V. Thompson presiding, T. L. Hickey, W. H. Brown, John MacBain and Jos. M. Francis.

F. S. Duarte, Pescadero saloon keeper, appeared before the board to answer the charge that had been made against him at a previous meeting by District Attorney Swart that he had been conducting his place of business in a disorderly manner and that he had been conducting unlawful gambling games.

L. C. DeCarli, who with J. H. Dixon had been sent to Pescadero by the district attorney to make an investigation of conditions pertaining to the Duarte saloon, testified that he visited the place on March 31 and sat in a poker game. During the progress of the game, he claimed, the proprietor exacted on several occasions money of various sums from the pot. The players in the game were mostly workmen from the lumber mills in the vicinity of Pescadero.

Duarte took the stand in his own behalf, and while admitting that gambling was carried on in his place, denied that there were any "arke offs" from the games. He claimed that he took money from the pots only for drinks and then when told to do so by the players. He asked that in case the board decided to close his saloon that he be given at least three months time in order to dispose of his stock.

District Attorney Swart, who conducted the hearing, stated to the board that constant complaints had been coming to him from citizens of Pescadero against the manner in which Duarte was conducting his place of business. Among the complaints, in addition to the gambling charges, were those of selling liquor to intoxicated men.

Chairman Thompson, in whose district the saloon in question is located stated in reply to a question of Supervisor Hickey, that dozens of women had come to him complaining about the conduct of the place.

Supervisor MacBain declared that if that is the kind of a place Duarte conducted it should be closed, and he moved that the saloon license be revoked. The motion was carried on roll call, all the members voting "yes".

Judge Edw. F. Fitzpatrick of Redwood City, apeared before the board and presented a petition signed by twelve freeholders, asking for the closing of certain roads in what is known as Prtola Woods in the Third township. The petition was received and ordered filed and the time for hearing in the matter set for Monday, June 3rd.

Attorney Lee T. Ross addressed the board and asked that the appropriation made at the last meeting of the board of $3,000 for the San Mateo chapter of the Red Cross in the coming drive be increased. He explained that the chapter embraced all the territory in the county with the exception of Redwood City, Portola and Woodside, and that the quota in this drive had been doubled that of the former one.

On motion of MacBain, seconded by Thompson, the appropriation for the San Mateo chapter was ordered increased $1000.

This being the time fixed for hearing the protests in the matter of the petition for the establishment of the San Carlos Highway Lighting District and there being no protests filed, a resolution presented by Roy H. Cur-

GOVERNMENT OFFICIALS DECLARE FAITH MOST WONDERFUL SHIP

The test given Faith on the ocean waves last Tuesday again demonstrated that concrete ships are a success. Government officials were on the trip and watched every movement of the big ship and had delicate instruments to catch every vibration. Faith has been pronounced a success.

Officially the Government experts had nothing to say, but it will not be necessary to wait for official Washington to speak, they did talk, unofficially, of course.

The verdict of the officials was:

"A most wonderful vessel. If there are any shocks, jars or vibrations they are so far away that most of the record is lost in transit."

When the last test had been made and the last record had been tucked away for reference, the Faith started back to port and is now docked at pier 46 ready to receive 4000 tons of salt, preparatory to her departure on her maiden voyage to Puget sound.

After the trip Comyn said:

"When we launched the Faith we were 50 per cent on the way to success. Today we have demonstrated that we are 100 per cent on the way to success. This is the most wonderful event in shipping history since the first iron vessel demonstrated to the doubters that a heavy substance can float.

"We will retain our Redwood City plant and expect to go ahead and build more of these vessels. I don't know exactly how many, but I believe we will go right ahead with eight and each will be a 7500-ton craft. Uncle Sam wants and needs these vessels and afterwards all the world will want them."

The government has two locations to select from in locating its big ship yards to construct concrete ships, one at Alameda and the other at Redwood City. No selection has yet been made by the government. It is believed that the Redwood site will be ultimately chosen as it has much more favorable advantages than the site across the bay. However, there is no doubt but that a ship yard will be located here. If the government does not come to Redwood City, the San Francisco Ship Building Company will.

JUDGE SEELY TAKES DOSE OF HIS OWN MEDICINE

Judge George Seely, who has perhaps sentenced more violators of the speed laws than any other magistrate in the county, was himself arrested and sentenced Thursday night for a breach of the automobile laws. He drove to Menlo Park and on Santa Cruz avenue was arrested by a provost guard for not having a rear light on his car lighted.

The Judge, on leaving Redwood City, started the lamp but on his way southward the lamp burned out unknown to him and he was surprised when told that he was driving without a rear light. The Judge stood upon his constitutional rights and demanded the provost to take him to the nearest and most accessible magistrate. The guard insisted on bringing the judge to Burlingame but the latter went to Redwood City and appeared before Judge Seely and pled guilty and was sentenced by Judge Seely to pay a fine of $10 in thrift stamps which he did. The judge promises to keep the stamps in his possession for the duration of the war.

DIVISION OFFICER'S CLUB OPENED AT MENLO PARK

The old Edgar Mills home, now owned by Miss Noel, was the scene of gayety last Wednesday night when the division officer's club was formally opened with a ball. It was one of the most brilliant social affairs ever held on the peninsula. Over 1000 invitations had been issued and the society of the peninsula was there in all its splendor.

The beautiful grounds were made attractive with myriad of electric lights and Chinese lanterns. The interior of the mansion was a garland of beautiful flowers tastefully arranged for the reception and evening entertainment.

The garage was converted into a big ball room and here the officers and their ladies danced until 12 o'clock.

General J. F. Morrison and a number of his staff were present as well as several hundred officers and society men and women of the peninsula.

The following prominent women from Menlo Park formed a permanent committee to care for the club and keep it going after this division has left for France and another one is being formed here: Mrs. Timothy Hopkins, chairman; Mrs. Selah Chamberlain, vice chairman; Mesdames John Merrill, Augustus Taylor, R. SEN. M. B. JOHNSON IS CANDIDATE FOR CONGRESS

Senator M. B. Johnson of the Eleventh Senatorial District, has announced his candidacy for the Republican nomination for Congress in the Eighth Congressional District.

Senator Johnson has always been a strong advocate of county, state and national development; and because of his many services rendered gratuitously in the public interest, and of his recognized qualifications for the office which he now holds, he was in 1916 elected, without opposition, as Senator for the district comprising San Mateo, Santa Cruz and San Benito counties.

Senator Johnson is a man of pleasing personality—an interesting and forceful speaker, and impresses all with whom he comes in contact with absolute sincerity of purpose. He has proved himself a true American in every sense of the word, and stands for full and non-partisan support in the prosecution of the present war, until America's high ideals are fully achieved. He believes this to be a war of the people for their rights and that the rights of the people are supreme and above those of any autocratic ruling house or class.

Believing this, he pledges his full support in whatever capacity he may have, to help carry this war through to a successful conclusion, so that the cause of democracy, so ably typified by American ideals and institutions, may be saved and guaranteed to the people for all time.

Senator Johnson believes in encouraging the largest possible development of all state and national resources, and of general business under proper regulatios, in order that good employment may be given to the greatest number, thereby insuring increased and continued prosperity.

Mr. Boos was buried with full military honors in the national cemetery at the home on May 13th. The notice of his death was received by P. P. Chamberlain, commander of the local G. A. VOL. LIX: NO. 7. REDWOOD CITY, CALIFORNIA, SATURDAY, MAY 18, 1918. ESTABLISHED 1859.

Lincoln Wirt Brings Story From Europe

Noted War Correspondent on Chautauqua Platform

Dr. Lincoln Wirt, noted war correspondent and publicist, is bringing to Chautauqua one of the most authoritative and interesting lectures of the war now on the American platform. He says "America must put every possible man, gun and dollar into the conflict now, 'over there,' otherwise we shall face a triumphant Germany, single-handed, on this side of the sea a little later."

Bearing letters from the Secretary of State he visited Europe, passed through the guarded military zone of five countries and received an insight into actual conditions there accorded to but few men. He was in front line trenches and tells a vivid story of the battles witnessed in France and Belgium, graphically describing the use of poisonous gases, hand grenades, shrapnel, liquid fire and all the new death-dealing devices of modern warfare.

"Unto the Least of These"

Contributed by Arthur William Brown.

Col. Pattee Brings Old Soldier Fiddlers

Civil War Veterans Open Chautauqua This Year

The opening night of Chautauqua will be a patriotic and heart-stirring event. Col. Pattee and his Old Soldier Fiddlers, four veterans of the Civil War, all over 73 years of age, give a complete program of patriotic instrumental music, camp-fire and war time songs. Wearing the old blue and gray uniforms and appearing before a scenic background showing the battlefield of Gettysburg, these veterans will stir every true American heart.

All veterans, their wives and widows, will be admitted free of charge to this program.

CHAUTAUQUA BRINGS HEALTH LECTURER

Edna Eugenia Lowe an Authority on Physical Culture.

Miss Edna Eugenia Lowe, who comes to Chautauqua audiences this year with a lecture on every day health and right living, is an acknowledged authority upon her subject. She was formerly head of the Department of Physical Culture at Carleton College, Minnesota, and at present is Director

Edna Eugenia Lowe.

of Physical Education for Women in Highland Park College at Des Moines. She is the author of an authoritative book on the preservation of women's health and is eminently fitted, both as a speaker and as a teacher, at present this vital subject of physical well-being to Chautauqua audiences. There will be nothing dry about Miss Lowe' lecture. She illustrates it with practical demonstrations in physical culture and makes every moment interesting and instructive.

Ned Woodman, cartoonist and humorist, who will entertain Chautauqua audiences this year, was for four years a cartoonist on the art staff of the Chicago Inter-Ocean. He has contributed many cartoons to "Life," "Judge" and other magazines of national repu-

tation. But he found his great field a few years ago when he first appeared upon the platform. Since that time he has been in constant demand for Chautauqua work during the summer seasons. Woodman talks while he draws and illuminates his lecture not only with his clever cartooning, but with fine flashes of humor. As an eastern daily says, "Woodman illustrates his stories with cartoons and illustrates his cartoons with stories." His program enlivens, amuses, informs, educates.

REPORT OF SESSION OF BOARD OF SUPERVISORS

(Continued from page 6)

ran, representing the petitioners, and fixing the day of election to vote on the proposition, was adopted on motion of Brown, seconded by Francis.

A communication was received from Major H. Lester Archer of Camp Fremont, enclosing copy of a letter that had been sent the adjutant general's office at the camp by the California Tie Company relattive to securing a permit for hauling railroad ties over the Paige Mill road above Mayfield and citing the fact that the board of supervisors of San Mateo county had refused to permit the above company to operate over the La Honda boulevard and carry loads in excess of three tons, incding the truck.

The communication from Major Archer, stated that owing to the daily gun practice on the military range it would be impossible for the Paige Mill road to be used for traffic, and asked that the supervisors of this county endeavor to grant the company its former resuest to use either the La Honda road or the old Fitzpatrick road.

Supervisor MacBain stated that if permission were granted anybody the right to use the La Honda boulevard for hauling loads in excess of that provided in the county ordinance, there wouldn't be any roadway left within three weeks. He further stated that he would have no objections to the company using the old Fitzpatrick road from the juction of the Alpine road and then a small portion of the Portola road, provided they agree to repair any damage done.

On motion of MacBain, seconded by Hickey, the communication from Major Archer was ordered referred to District Attorney Swart for the latter to answer and explain just what the status of the situation in regarding the county ordinance covering traffic on the mountain highways.

A communication was received from the Southern Pacific Company regarding certain alleged damage that had been done to their fence at Visitacion Valley thrugh burning by county officials of a quantity of rice hulls that had been left at that place. The damage claimed was about $250.

District Attorney Swart explained to the board that a contract had been let for handling the corn hulls in question and that he had taken the matter up with the contractors and they had agreed to stop the nuisance.

A communication was received from the Social Service Commission in which recommendations were made for allowing county and state aid for individuals in different districts of the county and increasing, or decreasing the allowance in other cases.

The recommendations were accepted, on motion of Hickey, seconded by MacBain, with the exception of those pertaining to two cases in the Third township.

The application of Louis Barrish of Redwood City and John J. Welsh of South San Francisco for peddlers' licenses, submitted at the last meeting of the board ,were granted, on motion of Hickey, seconded by MacBain, the same having received the approval of the sheriff.

A communication was received from the board of supervisors of Glenn county, enclosing copy of a resolution passed and adopted by that body, recommending a special session of the Legislature at the earliest possible time to consider the passage of necessary laws for the protection and welfare of the people of the State and their property during the present world's conflict. The communication was ordered filed.

A communication was received from Charles H. Williamson in which he again took up with the board the questios of the present ownership of Menlo avenue in the Third township. He claimed that in accordance with a resolution passed by the supervisors on September 19, 1910, the said thoroughfare had been accepted and dedicated to the public use. At the suggestion of Supervisor MacBain a copy of the resolution was ordered sent to Mr. Williamson.

On motion of MacBain, seconded by Hickey, a number of applications for jitney permits were ordered denied, the applicants having failed to appear for the necessary hearing, although they had been notified twice to do so.

The following additional applications for jitney permits were received and the hearing in same set for Monday, June 3rd.

Fred A. Streit, Harry Kern, David M. Rebortson, William H. Wilkes, Harry J. Lyons, Jack Loewenstein, Clara C. Haase, Karl Hannman, all of San Francisco.

John O'Farrell, Daniel R. Marks, Menlo Park.

On motion of Brown, seconded by Hickey, the clerk was directed to advertise for bids for sinking a 6-inch well to a depth not greater than 150 feet at the county farm and hospital.

On motion of MacBain, seconded by Brown, the clerk was directed to notify County Social Service Commission to put back on the indigent list a certain destitute family in the Third township, so that the members would continue to receive aid in the sum of $25 for provisions.

The report of County Auditor J. J. Shields showing the amount of money that can be drawn against the various funds of the county during the month of May, was received and ordered filed.

The regular monthly claims, as approved by the finance committee, were allowed, on motion of MacBain, seconded by Hickey.

The board adjourned at 12:35 p. m., to Saturday, May 18th.

ONE WAY THE RED CROSS HAS TAKEN TO DEFEAT THE KAISER'S GAME

1,000 Ragged, Sick and Homeless People Are Daily Dumped at Evian.

At the first onslaught of the Huns, before the French were able to withstand their invasion, the Kaiser secured a goodly section of France. With the captured cities and villages he acquired many thousands of Frenchmen.

True to all the rules of Teutonic efficiency, the noble German worked and starved these French close to the point of death, then saw to it that an impressive number of them "caught" tuberculosis and finally sent these poor wrecks back to burden France.

It has taken the Kaiser from two to three years to suck the healthy blood from the veins of these sturdy rural French, but now he is sending them back at the rate of about 1,000 a day. The Kaiser never announces these shipments. He simply dumps them in Evian, on the French-Swiss border.

If it were not for the American Red Cross the task of caring for these starved, ragged, sick, homeless, terrorized men, women and children would be more than the French government could handle. But our American Red Cross is making heroic efforts to defeat the Kaiser's aim to fill France with consumptives. Trained Red Cross workers are at the receiving station at Evian. They first separate those showing signs of tuberculosis from those who are only starving or have some other disease.

It is just like the tender care of our Red Cross to give particular attention to the babies and children to whom the kindly Kaiser has fed consumptive germs. We have a hospital of 30 beds for children in Evian. These are reserved for the children who are too ill to take farther. Then our Red Cross has a convalescent hospital outside the town and yet another in a nearby village. It also keeps six ambulances busy transporting sick women and children. Yet even then the strain upon our workers is so great that for eight long months one American nurse has had to look after 120 beds.

We, through our American Red Cross, are doing great things toward defeating the Kaiser in his efforts to turn France into a graveyard, but we have just started, and our duty demands that we work fast and without ceasing.

A SCORE OF REASONS FOR THE RED CROSS

It Is Playing a Big Part in the War for Democracy.

What does it mean to you to know that your America Red Cross:
Is supporting 50,000 French children.
Sends supplies to 3,423 French military hospitals.
Provides 2,000 French hospitals with surgical dressings.
Is operating 30 canteens at the front line.
Is operating six other canteens at French railway junctions, serving 30,000 French soldiers a day.
Operates a movable hospital in four units accommodating 1,000 men.
Is operating a children's refuge in one part of the war zone, and in another a medical center and traveling dispensary, both capable of accommodating more than 2,000 children.
Has opened a long chain of warehouses stocked with hospital supplies, food, soldiers' comforts, tobacco, blankets, etc., all the way from the seaboard to the Swiss frontier.
Has warehouse capacity for 100,000 tons.
Has 400 motor cars and operates seven garages, making all repairs.
Has shipped 46 freight car loads of assorted supplies to Italy from France within two weeks after it began operating in the former country.
Had a battery of motor ambulances at the Piave front four days after the United States declared war on Austria.
Started a hundred different activities in Italy at the time that nation was in its most critical condition.
Has established five hospitals in England and operates a workshop for hospital supplies employing 2,000 women.
And that 120,000 cases of supplies have been received at the Paris headquarters of the American Red Cross from your various chapters scattered throughout the United States.

What does all this mean to you? And I have told you but a fraction of the work your Red Cross has done and is doing. It means that without this ceaseless, heroic work of the American Red Cross, we could never win this war.

Without your Red Cross thousands in Rumania would have starved to death.

Without your Red Cross Italy would never have realized that powerful support of the United States in the hour of need.

Without your Red Cross thousands of French soldiers now gallantly fighting for you at the front would have died of wounds, exposure and lack of food.

But now we must all redouble our efforts and sacrifices for our Red Cross because—a million mothers' sons are going to carry the stars and stripes to the greatest victory God has ever given to men fighting for honor and liberty.

With the help of your Red Cross your boy will win.

Contributed to the Red Cross.

Every cent of every dollar received for the Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the World has ever seen.

It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every war-torn allied country.

It plans tomorrow to help in the work of restoration throughout the world.

It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores and smooth-running transportation facilities it is serving as America's advance guard—and thus helping to win the war.

Congress authorizes it.
President Wilson heads it.
The War Department audits its accounts.
Your Army, your Navy and your Allies enthusiastically endorse it.
Twenty-two million Americans have joined it.

PESECADERO JOTTINGS

Robert Letts, candidate for Recorder was a visitor in town for a few days last week.

A. R. Rease went to the city Monday on business connected with his garage.

The government telephone line to Pigeon Point and New Years Island is just about completed and will be a great thing for the keepers of those two stations.

Carl Coburn is in the city this week as a delegate to the Grand Lodge of Odd Fellows and also as a delegate to the High Court of the Ancient Order of Foresters.

J. C. Williamson has been chosen to have charge of the Red Cross drive. He is expected to raise one thousand dollars but that will be nothing for Si. He always goes over the top.

Mrs. F. C. Jacobs of Los Angeles is visiting her uncle, J. C. Coburn, for a few weeks.

The Red Cross whist party which was given in Union Hall last Saturday evening was a decided success and was greatly enjoyed by all.

Mr. Beadle of San Francisco was a visitor here and at Pigeon Point for a few days last week. He is planing on having a large force of men on his timber holdings in a short time.

Chas. Steele and Frank Williamson have each bought a new Buick machine.

The political situation in the Fifth township is beginning to liven up and candidates are coming out for constable and justice of the peace so that it looks like a four cornered fight for each office. Among those mentioned for Justice of the Peace are E. D. Moore, M. J. Perry, A. W. Woodhams and Frank Williamson. For constable it looks like a contest between John F Bennett, Frank Goularte, Herman Frey and John Machado. For supervisor Dr. Thompson will probably have little or no opposition. He has done so well against such heavy odds that it would seem unwise for the people to make any attempt at a change. The roads have been kept in good shape. Dr. Thompson has been honored by being placed as chairman of the board and he has had a good many responsibilities placed upon him owing to the war work which he has done.

The interest to be paid is eight per cent per annum. The estate consists of a one-third interest in the well-known Butts ranch near Halfmoon Bay. It consists of several hundred acres choice agricultural land.

WOODSIDE NOTES

Mrs. William Fitzhugh passed several enjoyable days at Woodside recently, returning to San Francisco last Monday.

Timothy O'Hearn, a member of the mosquito fleet now operating in and about Woodside, killed a large rattlesnake on the Macdonough ranch one day last week. The reptile was in the act of devouring a full grown rabbit and was gorging itself with the tempting morsel when slain. It measured five feet in length and had 12 rattles. As each rattle represents a year the snake was 12 years old.

Mr. and Mrs. B. L. Bradley and their young son departed for their summer home at Emerald Bay, Lake Tahoe, during the week. They spent the winter at Portola.
